### Key features summary

- Authorizes the acquisition of all or a portion of one parcel. This parcel is located in the City of Federal Way and is needed for the Federal Way Link Extension.
- The property is needed for construction, maintenance, and operation of the light rail guideway or related facilities.

### Background

The Federal Way Link Extension adds approximately 7.8 miles of light rail from the Angle Lake light rail station at South 200<sup>th</sup> Street in the City of SeaTac to the City Center area in Federal Way. The extension generally parallels State Route 99 and Interstate 5, with stations in Kent/Des Moines, South 272<sup>nd</sup>/Star Lake Park-and-Ride, and the Federal Way Transit Center. New parking structures will be constructed at each of the three stations.

The Federal Way Link Final Environmental Impact Statement was issued on November 18, 2016 pursuant to the State Environmental Policy Act (SEPA) and National Environmental Policy Act (NEPA) and completing the SEPA process. On January 26, 2017, the Sound Transit Board defined and selected the Federal Way Link Extension alignment, profile, stations, and associated infrastructure to be built between Angle Lake Station at S. 200th Street and the Federal Way Transit Center in Resolution No. R2017-02. The Federal Transit Administration issued a Record of Decision on March 6, 2017 and the Federal Highway Administration issued a Record of Decision on March 9, 2017, completing the NEPA process.

Sound Transit will acquire the property, by condemnation if necessary, as needed for the construction, operation, and maintenance of the Federal Way Link Extension and will reimburse relocation expenses to eligible affected owners and tenants. Sound Transit's authorizing legislation grants the agency the

power of eminent domain to accomplish such acquisitions when efforts to reach agreement with property owners are unsuccessful.

## Fiscal information

The baseline budget for the Federal Way Link Extension project is \$2,451,535,000. Within that amount, \$338,783,000 has been allocated to the right of way phase, of which \$79,010,202 has been previously committed. There is \$259,772,798 of uncommitted funds in the right of way phase, which is sufficient to complete the proposed action.

In accordance with Sound Transit policy, budgets for specific parcels will be discussed with the Board in executive session. Consistent with the current estimate at completion for real property acquisition, this action and acquisitions of remaining certified properties are affordable within the adopted project budget.

## Disadvantaged and small business participation

Participation by small businesses and disadvantaged business enterprises (DBEs) is not applicable to this action.

## Public involvement

Throughout the development of the Federal Way Link Extension, Sound Transit has conducted extensive public involvement including mailings, community open houses, presentations and meetings with individual and neighborhood groups.

In compliance with state law regarding public notification, Sound Transit mailed certified letters to property owners affected by this action on October 8, 2019. Legal notices of this proposed Board action will be published in the Seattle Times and The News Tribune newspapers on October 11, 2019, and October 18, 2019.

## Time constraints

A one-month delay would not significantly impact the timing of this project.
