

Information Technology Temporary Staffing Services Contracts

Rider Experience & Operations Committee

08/03/23

Why we are here

- Seeking authorization today to award four individual Information Technology Temporary Staffing Services contracts in an aggregate amount not to exceed \$10,000,000.

IT Temporary Services Overview

Proposed Action – 4 Contracts

- Four individual contracts for IT Temporary Staffing Services
- Selected firms: Abacus Services, Infojini, Tryfacta, and 22nd Century Technologies.
- Each contract has a 2-year term with three 1-year options
- Aggregate total = \$10M, including option years
- This action anticipates using funding already budgeted or reasonably assumed future budget

IT Temporary Services Background

Similar Contracts Since 2015

- IT has utilized temporary service contracts since 2015.
- Today's action is for new contracts for the next 5 years, replacing the prior 5-year contracts
- Budget for today's action is significantly lower than for the prior 5 years, as IT has recently implemented other options for project-based staffing needs

IT Temporary Services Background

IT Temporary Services, an Ongoing Need

- Quick turnaround for short-term needs
- Backfill vacancies during IT staff turnover
- Short Term project tasks

Procurement Information

Request for Proposals

- 48 Proposals Received
- Evaluation Panel selected 4 firms

Evaluation Criteria

- IT quality sample candidates
- Recruitment and retention of IT talent
- Price
- Knowledge and experience of key individuals
- Firm experience and history
- Commitment to and compliance with EEO law

Thank you.
