- Changes to the authorized project allocation for existing projects as well as establishment of new projects, closure of completed projects, Board-approved budget amendment on November 16, 2023 (R2023-35), and System Expansion Committee-approved budget revisions on December 14, 2023 (M2023-112), resulting in an authorized project allocation net increase of \$1,244.3M (Attachment C).

Fiscal information

The Proposed 2024 Budget and Proposed 2024 TIP, with revisions, are fully affordable within the agency's current financial projections. This continues to meet the intent of the realignment schedule set out in Resolution No. R2021-05.

Disadvantaged and small business participation

Participation by small businesses and disadvantaged business enterprises (DBEs)

Not applicable to this action.

Public involvement

The Sound Transit Board reviewed the Proposed 2024 Budget and Proposed 2024 Transit Improvement Plan at public meetings that took place in October and November, and reviewed revisions to both in December 2023. On November 2, 2023, a public hearing was held in order to provide an opportunity for testimony from interested members of the public.

Time constraints

A one-month delay would postpone adoption of the Proposed 2024 Budget and Proposed 2024 Transit Improvement Plan into the 2024 fiscal year and the agency would have no spending authority beginning January 1, 2024. Budget adoption is required prior to the commencement of the fiscal year to provide authorization to expend funds.

Resolution No. R2023-40

A RESOLUTION of the Board of the Central Puget Sound Regional Transit Authority adopting an annual budget for the period from January 1 through December 31, 2024, and adopting the 2024 Transit Improvement Plan.

WHEREAS, the Central Puget Sound Regional Transit Authority, hereinafter referred to as Sound Transit, has been created for the Pierce, King, and Snohomish Counties region by action of their respective county councils pursuant to RCW 81.112.030; and

WHEREAS, Sound Transit is authorized to plan, construct, and operate a high-capacity system of transportation infrastructure and services to meet regional public transportation needs in the central Puget Sound region; and

WHEREAS, in general elections held within the Sound Transit District on November 5, 1996, November 4, 2008, and November 8, 2016, voters approved local funding to implement a regional high-capacity transportation system for the central Puget Sound region; and

WHEREAS, Sound Transit is successfully building and operating the first, second and third phases of the regional transit system plan that were approved by voters in 1996, 2008 and 2016; and

WHEREAS, Sound Transit is meeting a high standard of public accountability through effective monthly progress reports and quarterly financial reporting; and

WHEREAS, the Sound Transit Board adopted financial policies to govern the financing and implementation of the regional transit system and to specify budgetary guidelines for providing subarea equity in accomplishing the same; and

WHEREAS, permitting the designation of reimbursements from Federal Transit Administration's (FTA) Capital Investment Grant program and FTA Formula funding grants not necessary to complete a subarea's projects as system-wide grant funds available to complete the voter-approved system plans is consistent with the financial policies adopted as part of the voter-approved plans and could (1) allow the Board to roll back taxes at the earliest possible date, and (2) permit all projects, including rail segments connecting the subareas, to be completed on schedule based on current financial projections. To the extent the funds legally available to a subarea are sufficient to complete the subarea projects as scheduled, reimbursements from those FTA grants not necessary to meet the subarea's project's baseline cost budget as set by the Board, can be designated a system-wide grant fund so long as the designation does not violate the grant requirements; and

WHEREAS, the chief executive officer submitted a Proposed 2024 Budget and Proposed 2024 Transit Improvement Plan (TIP) for Board consideration; and

WHEREAS, the Proposed 2024 Budget and Proposed 2024 TIP are consistent with and affordable and balanced with revenues under Sound Transit Financial Policies as adopted by Resolution No. R2016-16 and comply with the Budget Policies as adopted by Resolution No. R2020-24; and

WHEREAS, in 2018 the Sound Transit Board designated the Rider Experience and Operations Committee, Executive Committee, System Expansion Committee, and the Finance and Audit Committee as permanent committees with specific responsibilities, including reviewing proposed annual budgets, and authorized project allocations to date included in the TIP and providing recommendations to the Board; and

WHEREAS a public hearing was held on November 2, 2023, to take public testimony on the Proposed 2024 Budget, TIP, and Property Tax Levy; and

WHEREAS, at its December 7, 2023, meeting, the Rider Experience and Operations Committee approved Motion No. M2023-103 recommending the Proposed 2024 Budget and TIP for Enhancement projects, State of Good Repair projects, and Administrative projects (annual and authorized project allocations) and the Proposed 2024 Transit Operating Budget to the Finance and Audit Committee; and

- The Operations Enhancement Portfolio and Operations State of Good Repair Portfolio projects consolidate Operations-managed non-system expansion projects to increase flexibility in prioritizing and allocating resources. Within the two portfolio projects, sub-projects are managed and tracked individually as shown in the table above. The Financial Plan & Proposed Budget contains project detail tables at the portfolio project level. The ability to transfer budget between sub-projects is still subject to the Budget Policy.
