

Office of the Washington State Auditor

Pat McCarthy

Entrance Conference: Central Puget Sound Regional Transit Authority

The Office of the Washington State Auditor's vision is increased trust in government. Our mission is to provide citizens with independent and transparent examinations of how state and local governments use public funds, and develop strategies that make government more efficient and effective.

The purpose of this meeting is to share our planned audit scope so that we are focused on the areas of highest risk. We value and appreciate your input.

Audit Scope

Based on our planning, we will perform the following audit:

Accountability audit for January 1, 2023 through December 31, 2023

We will examine the management, use and safeguarding of public resources to ensure there is protection from misuse and misappropriation. In addition, we will evaluate whether there is reasonable assurance for adherence to applicable state laws, regulations and policies and procedures.

We plan to evaluate the following areas:

- Accounts Payable - electronic funds transfers
- Payroll - electronic funds transfer
- Fuel cards – compliance with Authority's policy and procedures
- Open Public Meetings – compliance with minutes, meetings, and executive session requirements.
- Financial Condition – reviewing for indications of financial distress.

Engagement Letter

We have provided an engagement letter that confirms both management and auditor responsibilities, and other engagement terms and limitations. Additionally the letter identifies the cost of the audit, estimated timeline for completion and expected communications.

Work of Other Auditors

A financial statement and single audit of the Authority was performed by Crowe LLP.

In accordance with professional standards, we considered the audit report and audit work performed by the other auditors in the planning of our audit. This includes communicating with the other auditors, evaluating the quality and results of the other auditor's work, and identifying areas that could affect our audit, including those in which we could leverage the work already performed.

Accountability audits differ in scope from financial statement and single audits. Financial statement audits determine if amounts reported in the financial statements are fairly stated, while single audits determine compliance with specific federal grant requirements. In contrast, accountability audits determine compliance with

laws, regulations and the government's policies in areas selected for testing, as well as determine if public assets are safeguarded against loss or misuse.

The accountability audit may examine some of the same areas covered in the financial statement and single audit. However, due to the objective for accountability audits, the audit will approach and test these differently and not duplicate work already performed.

Levels of Reporting

Findings

Findings formally address issues in an audit report. Findings report significant results of the audit, such as significant deficiencies and material weaknesses in internal controls; misappropriation; and material abuse or non-compliance with laws, regulations or policies. You will be given the opportunity to respond to a finding and this response will be published in the audit report.

Management Letters

Management letters communicate control deficiencies, non-compliance, misappropriation, or abuse that are less significant than a finding, but still important enough to be formally communicated to the governing body. Management letters are referenced, but not included, in the audit report.

Exit Items

Exit items address control deficiencies, non-compliance with laws or regulations, or errors that have an insignificant effect on the audit objectives. These issues are informally communicated to management.

Important Information

Confidential Information

Our Office is committed to protecting your confidential or sensitive information. Please notify us when you give us any documents, records, files, or data containing information that is covered by confidentiality or privacy laws.

Audit Costs

The cost of the audit is estimated to be approximately \$76,600, plus other expenses, if any.

Expected Communications

During the course of the audit, we will communicate with Lori Bevier, Senior Compliance Analyst and Patrick Johnson, Audit Director, on the audit status, any significant changes in our planned audit scope or schedule and preliminary results or recommendations as they are developed.

Please let us know if, during the audit, any events or concerns come to your attention of which we should be aware. We will expect Lori Bevier to keep us informed of any such matters.

Audit Dispute Process

Please contact the Audit Manager or Assistant Director to discuss any unresolved disagreements or concerns you have during the performance of our audit. At the conclusion of the audit, we will summarize the results at the exit conference. We will also discuss any significant difficulties or disagreements encountered during the audit and their resolution.

Loss Reporting

Washington state law requires all state agencies and local governments to immediately notify SAO if staff know or suspect loss of public resources, or of other illegal activity including a cyber-attack if it resulted in a loss of public resources or potentially impacted financial records or systems. State and local government employees should alert us to suspected fraud through the online Report a Suspected Fraud or Loss form below. These notifications can be made on our website at www.sao.wa.gov/report-a-concern/how-to-report-a-concern/fraud-program/.

Cybersecurity Loss Reporting

State and Local governments may also be required to report cybersecurity issues to the Washington State Attorney General's Office (AGO) or to the State Auditor's Office, including security breaches and cyber fraud. To learn more about when to report cybersecurity issues, please visit our website at <https://sao.wa.gov/has-your-government-experienced-a-cybersecurity-issue-here-is-when-and-how-to-report/>.

Peer Reviews of the Washington State Auditor's Office

To ensure that our audits satisfy *Government Auditing Standards*, our Office receives external peer reviews every three years by the National State Auditors Association (NSAA). The most recent peer review results are available online at www.sao.wa.gov/about-sao/who-audits-the-auditor/. Our Office received a "pass" rating, which is the highest level of assurance that an external review team can give on a system of audit quality control.

Working Together to Improve Government

Audit Survey

When your report is released, you will receive an audit survey from us. We value your opinions on our audit services and hope you provide us feedback.

Local Government Support Team

This team provides support services to local governments through the Budget, Accounting, and Reporting System (BARS) and annual online filing technical assistance, provides accounting, reporting and BARS training. Our website and client portal offers many resources, including a client Help Desk that answers auditing and accounting questions, updated BARS manuals, access to resources and recorded trainings, and additional accounting and reporting resources. Additionally this team assists with the online filing of your financial statements.

The Center for Government Innovation

The Center for Government Innovation of the Office of the Washington State Auditor offers services designed to help you, help the residents you serve at no additional cost to your government. What does this mean? They provide expert advice in areas like building a Lean culture to help local governments find ways to be more efficient, effective and transparent. The Center also provides financial management technical advice and best practices and resources. These can be accessed from the "Improving Government" tab of our SAO website and help you act on accounting standard changes, comply with regulations, protect public resources, minimize your cybersecurity risk and respond to recommendations in your audit. The Center also offers the Financial Intelligence Tool, better known as FIT, to help you assess and monitor your finances and compare your financial operations to other local governments like you. You can email the Center for a personal training session to learn all the benefits using the FIT tool can provide. The Center understands that time is your most precious commodity as a

public servant, and wants to help you do more with the limited hours you have. If you are interested in learning how the Center can help you maximize your effect in government, call them at (564) 999-0818 or email them at Center@sao.wa.gov.

Audit Team Qualifications

Kelly Collins, CPA, CFE, Director of Local Audit – Kelly has been with the Washington State Auditor’s Office since 1992. In her role, she oversees the audit teams that perform the audits for over 2,200 local governments. She serves on the Washington Finance Officers Association Board and is a member of the Washington Society of Certified Public Accountants’ Government Auditing and Accounting Committee. Phone: (564) 999-0807 or Kelly.Collins@sao.wa.gov

Wendy Choy, Assistant Director of Local Audit - Wendy has been with the Washington State Auditor’s Office since 2002. In her role as Assistant Director, she assists with statewide oversight and management of all the audits for local government. She is also the program manager for public hospital districts.
